**CAUTIONS & DISMISSALS**

After checking on the cautions and dismissals issued for the month of August 2008, I was ashamed to say that there were in excess of 60 cautions and 10 dismissals issued for the period on 9<sup>th</sup> August to 31<sup>st</sup> August, there ladies and gentlemen are totally unacceptable, we are not the only league that has incurred a lot of yellow and red cards, and you as clubs on a whole have contributed over £650.00 to the coffers of the NWCFA, I am sure that you need the money more than they do.

I have therefore decided to call a meeting of ALL THE CLUBS with the Referees Officer Mr Brian Lawlor and several members of the Referees Association and we will split the meeting into two different venues, one in Rhosgadfan for the clubs based on the main land and another possibly in Llangefni for the Anglesey based clubs

I expect all CLUBS to be represented at these meetings which will be on a question and answer basis, perhaps it would be a good idea for the club secretaries and managers to attend the meetings, and let's hope that we will be able to eradicate such high numbers of cautions and dismissals.

You as club secretaries should have received a copy of the document "Protecting the image of the game" which I sent to you, it may be advisable for you to place this document in your dressing rooms so that players and officials are aware of its content and purpose.

### **F A TROPHY ROUND 2**

After receiving a walkover in the first round after Knighton failed to raise a team, Llanystumdwy F C have received a bye into Round 3 of the F A Trophy, we wish them well.

---

### **INCIDENT**

There was a recent incident at a Gwynedd League match where the referee had his shoes removed from his dressing rooms, whether this was a prank or an alleged theft/robbery, I cannot say, may I respectfully request that the home clubs ensure that the dressing rooms are locked and secured during a match, this matter is now being dealt with by the NWCFA.

Thank you.

---

### **MATCH RESULTS & DETAILS**

Some clubs fail to get the names of the scorers and the times that the goals were scored from their opponents when, I must stress that I need all the information to supply to the Radio and Press, otherwise I have to go chasing some of the away clubs for the details which is nothing but an inconvenience.

---

### **REFEREES**

I have had several reports from referees this season about clubs not abiding by the rules and presenting their team list to the match referee at least 30 minutes prior to the start of the match, this must cease, I have been quite lenient with clubs, but if it continues I shall have no alternative but to implement the fine as per rule.

If the referee asks you to visit them in their dressing rooms for whatever reason you should attend as they may wish to issue your club linesman with instructions or to discuss any other matter, your cooperation in this matter would be very much appreciated.

### **REFEREES COURSES**

Referees courses are underway at present with the drive still on to recruit more new referees, if you know of any person wishing to go on a referees course, then contact the NWCFA Referees Officer Mr Brian Lawlor On 01407 763502
